NEW PUBLICATION ANNOUNCEMENT

The Georgia Office of Planning and Budget announces the publication of a new book entitled Georgia Descriptions in Data 1983. Second in a series, this book is designed to give the reader an overview of Georgia from a statistical perspective. The first edition, Georgia Descriptions in Data 1982, was published July, 1982. Although a few of the data tables are presented in both books, most of the data appears exclusively in either the 1982 or 1983 edition.

Georgia Descriptions in Data 1983 contains data from the 1980 census on:

- Population
- Housing
- Education
- Transportation
- Income
- Labor
- Health
- Residence
- Business and Industry

It also includes population projections for counties by age, race and sex for the years 1990 and 2000.

Georgia Descriptions in Data 1982 contained 1980 census data on population and housing as well as the most current data at the time of publication on:

- Public Safety
- Agriculture
- Parks and Natural Resources
- Health
- Employment
- Income
- Education
- Transportation
- Business and Industry
- Government Appropriations

Both books also include appendixes which will give the reader tremendous help in locating types of information. Appendix 1 helps the reader to determine which State agency is responsible for data in a particular subject area. Appendix 2 lists the departments of Georgia State Government and gives addresses and phone numbers.

The Georgia Descriptions in Data series will be updated annually and the scope expanded as needed. To order your copy, please complete and return the order form on the reverse side of this page.

-over-

PREFACE

This book is designed to give the reader an overview of Georgia from a statistical perspective. Every effort has been made to publish the latest data available. The book is organized into sections according to subject categories and follows the basic program design of state government.

The demand for a statistical book that covers many program areas and is annually updated has been great for some time. As a result of this demand, the Georgia State Data Center (see Appendix 3 for a description of the State Data Center Program) began work on such a book using the 1980 Census as the basic source of data. At the time of publishing, data from the 1980 Census was limited to housing and population statistics. Therefore, a greater emphasis was placed on these areas for this particular edition.

Explanations relevant to individual tables and sources are listed after Table 40. Appendix 1 helps the reader to determine which state agency is responsible for data in a particular subject area. Appendix 2 lists the departments of Georgia State Government and gives addresses and phone numbers. Appendixes 1 and 2 used together will give the reader tremendous help in locating types of information.

It is our hope that this book proves useful in providing frequently needed data. We plan to update the book annually and expand the scope as needed. Suggestions on new tables to include are welcomed. For this purpose or to request additional information on a table, contact Tom Wagner or Elizabeth Aloi with the State Data Center of the Georgia Office of Planning and Budget (404-656-2191 or GIST 221-2191).

Finally, we wish to express our appreciation to Pam Kerin, a graduate student at Emory University, and a member of the Governor's Intern Program, for the work she did to make this book a reality. We also wish to thank the many federal and state agencies who worked with us in providing the data contained herein.

1. GEORGIA STATE DEPARTMENTS/SUBJECT INDEX

For information regarding the following subject categories, please refer requests to the agency indicated. For the agency's address and phone number please refer to Appendix 2.

Agriculture - see Agriculture, Department of
Archives - see Secretary of State/Archives and History Department
Arts - see Planning and Budget, Office of/Georgia Council for the Arts and Humanities
Audits - see Audits and Accounts, Department of

Banking - see Banking and Finance, Department of
Birth - see Human Resources, Department of/Public Health, Division of
Budget (state) - see Planning and Budget, Office of
Business - see Industry and Trade, Department of

Census - see Planning and Budget, Office of/State Data Center
Community Services - see Community Affairs, Department of
Computer - see Administrative Services, Department of
Corporations - see Secretary of State/Corporations Division
Courts - see Administrative Office of the Courts; Court of Appeals; Supreme Court
Criminal Justice - see Criminal Justice Coordinating Council; Georgia Bureau of Investigation; Offender Rehabilitation, Department of; Public Safety, Department of; Secretary of State/Drugs and Narcotics Agency; State Board of Pardons and Paroles

Death - see Human Resources, Department of/Public Health, Division of
Defense - see Defense, Department of
Demographic Data - see Planning and Budget, Office of/State Data Center

Education - see Education, Department of; Educational Improvement Council; Postsecondary Education, Governor's Committee On; Regents, Board of
Elections - see Secretary of State/Election Division
Employment - see Fair Employment Practices, Office of; Labor, Department of; Merit System of Personnel Administration; Workers' Compensation Board
Environment - see Natural Resources, Department of/Environmental Protection Division
Examining Boards - see Secretary of State/Professional Examining Boards

Family and Children Services - see Human Resources, Department of/Family and Children Services, Division of
Fire Protection - see Comptroller General, Office of
Forestry - see Forestry Commission

Game and Fish - see Natural Resources, Department of/Game and Fish Division
Governor - see Governor, Office of the

Health Care - see Human Resources, Department of/Public Health, Division of; State Health Planning and Development Agency
Housing - see Community Affairs, Department of; Georgia Residential Finance Authority
Human Services - see Human Resources, Department of/Human Development, Division of

Industry - see Industry and Trade, Department of
Insurance - see Comptroller General, Office of

Labor - see Labor, Department of
Legal Services - see Georgia Legal Services
Legislative - see General Assembly/House of Representatives/Senate
Library Services - see Education, Department of/Public Library Services

Maps - see Natural Resources, Department of; Transportation, Department of
Medicaid - see Medical Assistance, Department of
Mental Health - see Human Resources, Department of/Mental Health and Mental Retardation, Division of

Parks and Recreation - see Natural Resources, Department of/Parks Recreation and Historic Sites Division
Population - see Planning and Budget, Office of/Georgia Center for Demographic Information
Ports - see Georgia Ports Authority
Prisons - see Offender Rehabilitation, Department of
Public Safety - see Public Safety, Department of

Revenue - see Revenue, Department of

Securities - see Secretary of State/Securities Division
State Patrol - see Public Safety, Department of

Tourism - see Industry and Trade, Department of
Transportation - see Transportation, Department of
Transport Rates - see Public Service Commission

Utilities - see Consumers' Utility Council; Public Service Commission

Veterans - see Veterans Service, Department of
Vocational Rehabilitation - see Human Resources, Department of/Vocational Rehabilitation, Division of

Youth Services - see Human Resources, Department of/Youth Services, Division of

2. STATE DEPARTMENTS

Administrative Office of the Courts
84 Peachtree Street, Suite 500
Atlanta, Georgia 36303
656-5171

Administrative Services, Department of

3. GEORGIA STATE DATA CENTER PROGRAM

The Georgia State Data Center Program is a cooperative arrangement between the U.S. Bureau of the Census and the Georgia Office of Planning and Budget. Additional participants in the Program are as follows:

The Georgia Department of Community Affairs
University of Georgia Computer Center
Albany State College Library
Georgia Southern College Library
Georgia State University Library
Mercer Law School Library
University of Georgia Main Library
Georgia Tech Main Library
Georgia Area Planning and Development Commissions

The fundamental objectives of the Program are as follows:

1. Provide access to census data and assist local governments, planning commissions, and private businesses in utilizing the information.

2. Promote an even distribution of services to all areas of the State.

3. Expand the number of persons qualified to offer training and technical assistance to others on such subjects as what census statistics are available, how to read census tables and tape technical documentation, and approaches to effective use of the data.

4. Develop new methods for improving the distribution and utilization of data from the 1980 Census.

5. Increase user awareness of census products.
